Watching Animals series

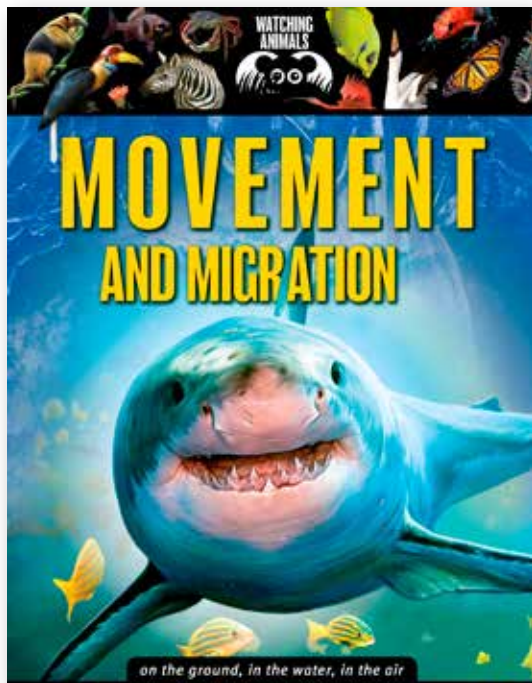

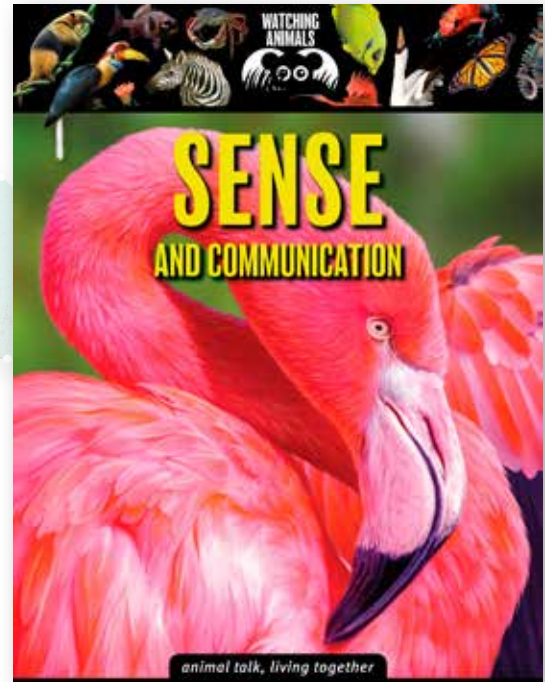

This series offers comprehensive, fascinating and useful knowledge about the animal kingdom. The colourful, spectacular and informative visual and written material presents the methods used by predators to catch prey, the Earth's most characteristic habitats and their residents, and the most surprising types of animal communities, communication and ways of moving.

64 pages
213 mm x 275 mm
Hardcover

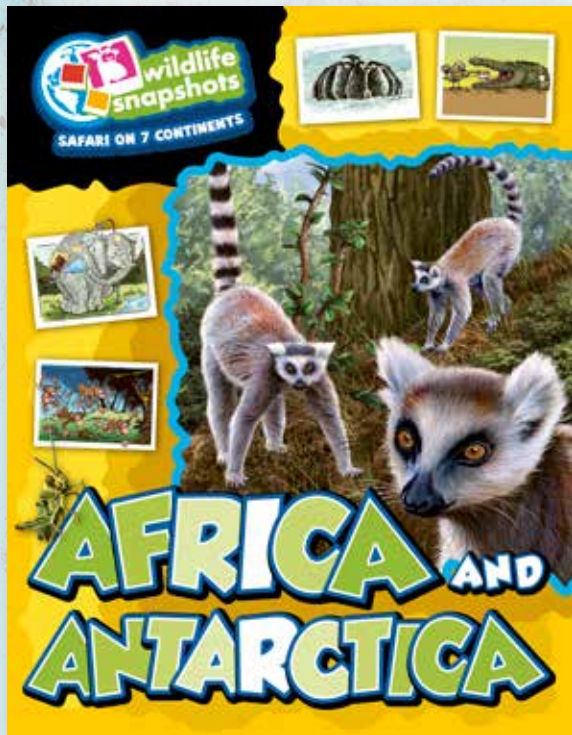

Wildlife Snapshots Series

The individual volumes of the series present 18 animals that are most typical of a given continent(s). Within the chapters, every two pages specify one species, featuring a scientifically valid, snapshot-like story, an intriguing question and its answer, and the daily routine and databank of the species.

Wonderful Unicorns

2 titles
64 pages
213 mm × 275 mm
Hardcover

These richly illustrated reading books do not teach how to write the letters of the alphabet but popularise reading. The stories about the exciting adventures of the miraculously gifted inhabitants of the Land of Unicorns or Franky and his friends reach out to children, arousing their interest and encouraging them to read.

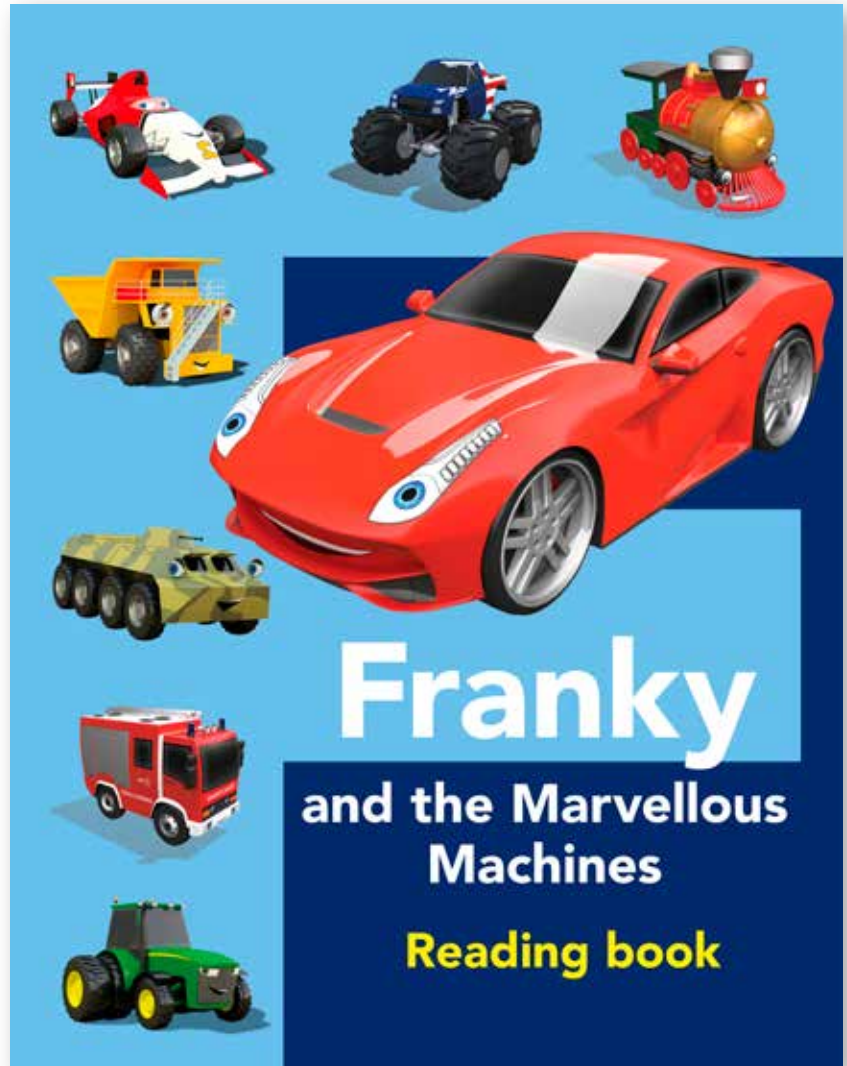

Franky and the Marvellous Machines

NEW

The books contain **stories**, **poems** and **picture stories** of differing levels of difficulties to ensure that all young readers have a positive reading experience and a feeling of success. They are mainly intended for children who already know how to read.

Storage Stories

NEW

32 pages
213 mm × 275 mm
Hardcover

Enchanting Christmas stories from way back, when our parents and grandparents were little kids.

Advent Calendar with Tales

96 pages
213 mm × 275 mm
Hardcover

Making an Advent calendar with a present behind each door is a lovely way to anticipate Christmas. This book follows this tradition but instead of small gifts or sweets to delight the children there are poems, Christmas songs and surprise tales hidden behind the perforated pages which can be opened on each calendar day.
